Sir:

As a supplement to Applicant's response to the Office Action dated July 2, 2003, which was filed on October 2, 2003, please consider the remarks below.

REMARKS

Claim 7 was rejected under 35 U.S.C. § 102(e) as being anticipated by Liu et al (2002/0074320A1). In reply, Applicants stated that they would rely upon their foreign priority to overcome the rejection. Applicants submitted with their reply a new Declaration and translation of the priority document that meets the precise language of the U.S. Patent rules. However, the Examiner called the undersigned to advise that the new Declaration had not been received with the translation, and that the only Declaration in the file was an original version that had been considered objectionable.

Applicants stated in the previously submitted Amendment that the new Declaration was being submitted and the filing receipt mail room stamp dated October 2, 2003 (copy enclosed) states that a Declaration and translation were filed.

In order to complete the USPTO files, Applicant is again submitting a copy of the Declaration with the proper language, as required by the Examiner.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

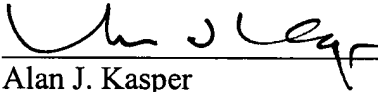

Respectfully submitted,
